

Dear Friends,

June 1, 2021

We will never be able to fully express how grateful we are for your prayers! We have traveled thousands of miles on the road, and God has continued to protect us. He gives peace, rest, joy...so much that our human hearts crave, which can only be found in Christ.

Even though God closed the door this spring for Brent to travel and minister with Good News Hoops in the Philippines, He has graciously opened up several other doors. We just returned from 8 days in Elkhart, Indiana, where we had the privilege to partner with Calvary Hill Baptist Church in an effort to hit as many doors as possible with news of the church, and ultimately, the good news of Jesus Christ. We pray and trust the efforts of the church family will be fruitful to point people to our Savior.

In April, since our last letter, we were also in Baltimore, Maryland. God blessed the revival meetings there, and we truly believe people were helped through the power of God's Word. It was a special joy and encouragement to see lifetime friends who are still serving Christ and making a difference for Him.

The summer schedule will soon be picking up, and we will be preaching in several youth camps, church outreaches, and several Sundays. Pray for us! Pray specifically that young people would see the urgency to follow Christ, and live completely for Him. We live in a confusing world, and it's easy to get sidetracked by the deceptions and distractions that surround us. Pray that we will be able to use God's Word to point these young, tender hearts to truth.

God bless you, Brent and Kaity Gellos
