Summer In Scotland

May-June 2022

Dear Friends and Family,

It is still amazing to me how different Scotland is weather wise. I absolutely enjoy the milder summer temps and the long lasting daylight. During summer, our sun goes down around 10:30pm and comes back up around 4am. However, many nights aren't completely dark. While I say the sun "goes down" you can, much of the time, still see the light on the horizon all night long.

May was a milestone month as it was my 40th birthday. The ladies at the church threw me a party at a local restaurant and it was a lot of fun. May also brought along some new health issues that brought me down for a good 3 weeks. While I don't know yet exactly what caused it, the Doctors are working on that to find the cause. I am doing better pain wise praise the Lord!

Things at Open Door Baptist Church are going well. God is moving and people are getting involved. The children's class has about 10 in attendance each Sunday morning. We have also started a Sunday evening class for the children as well. We are focusing on developing character traits and have started with "Orderliness." We are looking forward to our Neighbourhood Bible Time coming up at the end of July. From the last report we have at least 50 children pre-registered to come! Pray that God will work in the hearts and lives of the children and their parents during that time. Pray with us that the Lord might open the door to purchase a building for the church as well. There is a church facility that we are using for the Neighbourhood Bible Time and we have been told they might be looking to sell next year. What a blessing it would be if we could purchase that! Thank you for your continued prayers and support

In His Service,  
Deana Hewston
